SCAM - Seller no longer responding, missed shipping deadline by MONTHS

Ticket details

2 months ago

I backed this campaign months ago. They said in DECEMBER that they were going to start shipping then. It's now 4 months later and the campaign managers refuse to respond to my requests or give me an updated timeline despite multiple contact attempts. This project is 100% a scam and this company should be banned from selling on IGG for the foreseeable future. If you won't do anything about it I will report the charge to my credit card company as fraudulent, since there appears to be no good-faith effort to get me the shit I paid for.
